Certain doubts have been brought to the notice of
 Board whether upgradation of computer system by increasing

CONTD.....2....

the storage/processing capacity of computer system etc will amount to manufacture under the Central Excise Act, 1944.

2. The matter has been examined by the Board. It is observed that computers are covered under heading No.84.71 of the Schedule to the Central Excise Tariff Act, 1985 which describes computers as automatic data processing machines. An automatic data processing machine will be known by this name, irrespective of its capacity of storage and processing. The storage capacity or processing speed may be enhanced by increasing the hard disk capacity, RAM or by changing the processor chip (say from 386 to 486, or say from Pentium I to Pentium II), but it cannot be said that new goods with a different name, character and use have come into existence, which can be subjected to duty again.

3. Upgradation of computer may involve changing the processor (e.g. from 486 chip to Pentium or Pentium II chip), the motherboard, the hard-disk etc. The new components which replace the components in existing system have already suffered duty. The remaining old parts of the old system have also suffered duty as a system initially. The upgradation is generally carried out at residential or business premises of the customer and there is no rigid requirement for the upgradation to be done at the factory of the manufacturer. The value addition in such upgradation involved, whether or not of significant magnitude, is by itself not relevant to determine whether upgradation is a process of manufacture.

CONTD.....3....

4. In view of the above facts and taking note of the existing law, Board is of the view that the upgrading of old and used computer systems would not amount to manufacture, in so far as the upgradation does not bring into existence goods with a distinct new name, character and use.

Attention is invited to the instructions contained
in Board's Circular dated 10th November, 1986 wherein Board

COMTD.....2....

had clarified that 'phenyl' would be classifiable under sub-heading 3801.90.

A dispute has been raised regarding classification of 'phenyl' manufactured by M/s. Bengal Chemicals & Pharmaceuticals Ltd., whether under sub-heading 3808.90 - as others or 3808.10 - as pesticide.

The issue was discussed in the Board Meeting. The Board felt that the decision dated 18th April, 1995 of the Hon'ble Supreme Court in CA No.2276 of 1986 was with reference to the old Central Excise Tariff where pesticides were specifically exempted under T.I. 68. Disinfectants did not find a place under the old Central Excise Tariff as they do under the new Central Excise Tariff. As disinfectants are now specifically mentioned in the new Central Excise Tariff, Board feels that the said decision of the Supreme Court would be applicable only to the old tariff. Any products which are commonly used and marketed/known as 'disinfectant liquids' cannot be equated with pesticides and charged to lower rate of duty of 8% adv. under Heading 3808.10. The product 'phenyl' is basically marketed as disinfectant in liquid form. The product manufactured by the unit contains high boiling tar acid and phenolic compounds.

Considering the description, function and uses, the Board is of the view that the product 'phenyl' marketed as disinfectant would be classifiable under sub-heading No.3808.90 of Central Excise Tariff attracting central excise duty @18%.

Instances have come to the notice of the department that some Custom House Agents are lending their signatures to unauthorised persons for clearance of import/export cargo through Customs and other agencies. In this connection, attention is drawn to the provisions of Rule 14 of the Custom House Agents Licensing Regulations, 1984 (CHALR, 1984), which has imposed certain obligations on the Agents to properly conduct their business within the provisions of the Customs Law. Therefore, it is advised in the interest of smooth functioning of this Custom House and to ensure that only persons legally authorised conduct the business, the Custom House Agents may exercise necessary caution and vigil while transacting business and ensure that they deal with genuine parties and in legally permitted goods only.

Any failure on the part of the CHAs to comply with the obligations cast upon them under the Regulation ibid and contravention of the provisions of Customs Act, 1962 will be dealt with under rule 21 of the CHA Regulations and may also lead to the revocation of licences in appropriate cases. Similarly, if any unauthorised person is found handling the documents, the CHA under whose authorisation he is acting, will be proceeded against under the CHALR, 1984.

ASST. COMM. OF CUSTOMS (APPG)

(S. ESWARA SARMA)

The revised edition of the EXIM Policy & Hand Book
of Procedures, incorporating amendments upto 31-3-99, comes
into force from 1st April, 1999. The amendments made in

them, necessitate certain changes in the existing circulars or issue of fresh instructions. These have been discussed below:

(i) As per para 8.35 of the EXIM Policy, samples made in wax models, silver models & rubber moulds can be exported under intimation to Development Commissioner, provided its value does not exceed Rs. One Lakh in a year. The value of samples, so exported, shall not be counted towards discharge of Export Obligation. In this context, it is clarified that in such cases there may not be any receipt of the foreign exchange because the units may supply the samples free of cost to promote trade and formalities for GR may not be insisted upon and the samples may be allowed for export keeping in view the above changes. Para (iii) of circular No.26/97, dated 8.7.97, issued from F.No.305/70/97-FIT, stands modified to the above extent.

(ii) As per para 8.89 of the HOP, personal carriage of Gem & Jewellery parcels by foreign buyers from all EOU and EPZ units and also from DTA units located in Calcutta, Chennai, Delhi and Mumbai is permitted. In this regard, it may be stated that provisions already existed in notification No.3/88-Cus, dated 14.1.88, in condition No.(xi;b) and notification No.177/94-Cus, dated 21-10-94, in condition No.(13) for personal carriage of Gem & Jewellery by the foreign bound passenger. Notification No.277/9C-Cus dated 12-12-90 has been amended by notification no.40/99-Customs, dated the 28th April, 1999

to incorporate the similar provisions. To operationalise this facility for the EOUS situated in municipal limits of Calcutta, Chennai, Delhi & Mumbai, either the parcel containing Gem & Jewellery can be taken up by the authorised couriers after appraisalment and sealing alongwith the Shipping Bill from the EOU to the Airport for depositing the same with the Assistant Commissioner at airport or one of the Customs Officers posted in the EPZ, who may not be the in-charge of the said EOU, would be deputed to take the said export consignment, pass the Shipping Bill in the Zone and deposit the package with the AC at the airport for handing over to the foreign bound passenger. The procedure prescribed by the respective Commissioner for the personal carriage of jewellery from the EPZ units may be aligned to the above principles, wherever necessary.

The personal carriage of Gem & Jewellery by the foreign bound passengers may also be allowed from the DTA units situated in the municipal limits of Calcutta, Chennai, Delhi & Mumbai. The procedure for such personal carriage may mutatis-mutandis be like the procedure for the personal carriage of jewellery from the stand-alone EOUS for export mentioned above.

(iii) The provision for re-import of goods within one year of date of exportation for re-export after repairs or remaking is provided at Sl.No.10 of notification 3/88-Cus, dated the 14th January, 1988, at Sl.No.11 of Annexure-I of

CONTD.....4....

notification 177/94-Cus, dated the 21st October, 1990, and at Sl.No.10 of Annexure to the notification 277/90-Cus, dated the 12th December, 1990. The reimported jewellery is re-exported after carrying out repairs or re-making. During such process the weight of jewellery may marginally decrease because of polishing or increase because of soldering, addition or replacing component etc. It has been decided 2% weight variation may be allowed in case of re-imported jewellery re-exported after repairs or remaking.

(iv) Para 8.40 of HOP provides for export of gold/silver/platinum jewellery and articles thereof through courier through the selected Airports only. To operationalise this, the notifications, governing Gem & Jewellery units operating under EOU/EPZ have been suitably amended. The procedure as prescribed in the para 5 of CBEC Circular No.22/98-Cus, dated 27-3-98 issued from F.No.305/60/98-FTT for export of sample through courier may be followed for export of Gem & Jewellery through courier, within the restrictions & limitations as given in the respective notifications and the EXIM Policy.

2. No time limit for utilisation of the raw materials has been prescribed for the units operating in the Zones, whereas the EOU were required to consume/use the raw materials within one year as per section 61(1)(b) of Customs Act, 1962. The Hand Book of Procedures vide para 9.10(d), prescribes the maximum period of two years for all units subject to extension by the Customs. Such extensions may be liberally given unless any mala fide is suspected.

The present system of pre-shipment inspection of
certain silk goods entails submission of an application
with a sample swatch to the CSB Certification Centre by the
exporters. This is followed by testing of the sample

swatch by CSB to determine the composition and silk contents. Then an inspection at the exporters premises of the consignment is conducted. The inspection is on a random basis with a selection of 5% of the parcels and a detailed examination of the parcels selected. A Customs Endorsement and a Pre-shipment Inspection Certificate are issued after the inspection, subsequent to which the exporter moves the goods to the Customs Warehouse for further processing including random verification by Customs. The Custom endorsement given by the CSB forms the basis of entries in DEEC Book.

2. The matter has been examined in consultation with the Ministry of textiles, and it has been felt that the above procedure can be simplified by allowing the CSB to carry out its inspection at the Customs Point itself thereby avoiding two levels of inspection, first by the CSB and second by the Customs. Accordingly, a revised procedure has been worked out which will be applicable to all silk exports other than silk waste not carded/combed, carpets and hand woven fabrics exported to EEC countries. In respect of excluded categories of items, the old system of pre-inspection by CSB will continue.

3. This new system/revised procedure will operate in all places where Customs facilities and CSB Certification Centres are both located. In places where there is a CSB Certification Centre but no Custom Office, the exporter will have an option either to take the goods to any Custom

point where a CSB certification facility exists, or in the alternative, he may opt for existing system of pre-shipment inspection by CSB.

4. Under the revised procedure, the exporters will bring the consignments of silk goods directly to the Custom Point and for each consignment they will submit applications for pre-shipment inspection in the prescribed formats of CSB. The applications will be in duplicate accompanied by two copies of relevant export invoices, two packing lists alongwith a sample swatch of dimensions 6" x 6" representating each item/yearn constituents in the consignment.

5. Inspection staff of the CSB Certification Centre will be stationed at the Customs Points. On receipt of the consignments with the A sample swatches, the CSB inspectors will check the correctness of the HS code in the application and make necessary corrections under his authentication. The Customs will, using an appropriate random number generation system, identify certain consignment for check by the CSB Inspector. The CSB inspector will check the contents of the parcels identified by visual and physical test for fibre purity, yarn constituents, construction particulars with the sample swatch attached to the corresponding application and the description declared by the exporters. In case the items in the parcels selected conform to sample swatch and description in the application on a prima facie examination, the CSB inspector will issue an endorsement to that effect

CONTD.....4....

30

to the customs on the invoice. However, in the event of a mismatch, the CSB inspector will inform to the Customs in writing for appropriate action by Customs. For speedy clearance of export goods, the CSB will conduct such examination and submit report on the same day.

6. In the case of parcels which have been checked and cleared for export, there will be an analysis of the corresponding sample swatch in the laboratory. Wherever variations in the fibre composition are detected on analysis in the lab against the declaration, the CSB will report the same to the Customs in writing for taking appropriate action against the exporter. Entries in the DEEC book will be done by the customs after CSB makes the detailed Customs Endorsement/Inspection Certificate available.

7. In laying down the above procedure, the ultimate objective is to avoid two levels of inspection just by the CSB and second, by the Customs. Thus, wherever parcels have been visually checked by the CSB Inspection Staff, the same will not ordinarily be subject to second inspection by Customs. However, the Customs may independently check 5% of the consignments in the same manner as applicable to Self-Certification Units under Ministry Circular F.No.450/126/98-Cus.IV dated 8.12.98 (circular No.90/98-Cus.IV). As explained therein, only one out of 5 containers would be opened for visual inspection of the content. Thereafter from each opened container minimum of two packages and maximum of 5% packages may be examined. The Commissioner, after experience of one year may reduce this examination, with orders in writing separately, for each exporter.

NOTIFICATION NO. 29/99-CENTRAL EXCISE (NT)

GSR (E).- Whereas the Central Govt. is satisfied that according to a practice that was generally prevalent regarding levy of duty of excise (including non-levy thereof) under the Central Excise Act, 1944 (1 of 1944), (hereinafter referred to as the said Act), the duty of excise on Steam, falling under Heading number 28.51 of the Schedule to the Central Excise Tariff Act, 1985 (5 of 1986) was not being levied under Section 3 of the said Act, during the period commencing on the 1st day of March, 1997 and ending with 26th day of August, 1997.

Now, therefore, in exercise of the powers conferred by section 11C of the said Act, the Central Govt hereby directs that the whole of the duty of excise payable under section 3 of the said Act on such Steam but for the said practice, shall not be required to be paid in respect of such Steam on which the said duty of excise was not levied during the period aforesaid, in accordance with the said practice.

F.No. 104/4/97.CX3

NOTE: This notfn has been issued under section 11C of the Central Excise Act, 1944 (1 of 1944) so as to provide that, in accordance with the general practice that was prevalent at the relevant time, the duty of excise on Steam falling within Chapter 28 of the Schedule to the Central Excise Tariff Act, 1985(5 of 1986), shall not be required to be paid during the period 1.3.1997 to 25.8.1997)

Ministry of Finance has prescribed the following consideration for cleaning exemption from customs duty under section 25(2) of the Customs Act, 1962, as amended by the Finance Act, 1999, in respect of the imports made by Charitable Organisations:

- i. The imports should be received as donations or gifts and the donor should be known institution, but not an individual, say a society or a foundation. No payment for imports should be involved.
- ii. The recipient should also be an institution/organisation, but not an individual, which is registered as a charitable organisation.
- iii. The said organisation/institution should be providing services, such as running hospitals, educational institutions etc., on either 'free' or 'no loss or no profit' basis.
- iv. The charitable nature of the organisation and the fact of rendering services on 'free' or 'no loss no profit' basis should be certified by the concerned district authorities.

v. The organisation/institution should certify that the goods under import are for its use and provide an undertaking to the effect that they would fulfill the conditions.

2. Further ad hoc exemption from duty to non-government organisation issued by the Ministry are subject to the conditions that the imported goods are not to be put to any commercial use and shall not be sold, gifted or parted by the importer in any manner without the prior permission of the Ministry of Finance. The imported goods will be kept available for inspection by Customs officers.

उ.नि.अ.ट. का धारा 13(2) में संशोधन के बारे में
and amendments in cl. 13(2) of the FCO -

reg.

The Ministry of Agriculture, Department of Agriculture & Cooperation has decided to include Potassium Magnesium Sulphate and Calcium Nitrate as fertilizer in Schedule 1, part A of FCO, 1985. These fertilizers alongwith the specifications have been included in the FCO under the Heading I(J) Potassium, Magnesium fertilizers and I(K) Nitrogen, Calcium fertilizers. Further Cl. 13(2) of FCO has been amended following the insertion of explanation. The copy of the Notification S.O. No.329(E) dated 12.5.99 vide which the new fertilizers have been included and amendment in Cl. 13(2) has been made, is enclosed.

S.O.No. 329(E) . In exercise of the powers conferred by section 3 of the Essential Commodities Act, 1955 (10 of 1955), the Central Government hereby makes the following order further to amend the Fertiliser (Control) Order, 1985, namely:-

1. (1) This Order may be called the Fertiliser (Control) Amendment Order, 1999.

CONTD....2....

(2) It shall come into force on the date of its publication in the Official Gazette.

2. In the Fertiliser (Control) Order, 1985 (hereinafter) referred to as the said Order), in clause 13, for sub-clause (2), the following sub-clause and Explanation shall be substituted, namely:-

"(2) Subject to the other provisions of this order, no person shall manufacture any mixture of fertilisers unless such mixture conforms to the standards set out in the notification to be issued by the State Government in the Official Gazette:

Explanation - For the purposes of this sub-clause, mixture of fertilisers shall not include liquid fertilisers and 100% water soluble fertilisers, containing N, P, K."

3. In schedule I to the said Order, in Part-A under the heading 'SPECIFICATIONS OF FERTILISERS', after sub-heading 1(i) PK Fertilisers and the entries relating thereto, the following sub-heading and entries shall be inserted namely:-

"1(j)	<u>Potassium Magnesium Fertilisers</u>	
	<u>Potassium Magnesium Sulphate</u>	(in%)
i)	Moisture, percent by weight, maximum	0.5%
ii)	Potash content (as K ₂ O) percent by weight, minimum.	22.0%
iii)	Magnesium as MgO, percent by weight, minimum.	18.0%
iv)	Total Chlorides (as Cl), percent by weight (on dry basis), maximum	2.5%
v)	Sodium (as NaCl), percent by weight (on dry basis) maximum	2.0%

CONTD.....3...

- vi) Particle size : 90 percent or the material shall pass through 3.35 mm IS sieve and shall be retained on 1 mm IS sieve.
- 1(K) Nitrogen Calcium Fertilisers
Calcium Nitrate
- i) Total Nitrogen percent by weight, minimum 15.5%
- ii) Ammonical Nitrogen percent by weight, maximum 1.1%
- iii) Nitrate Nitrogen as N percent by weight, minimum 14.4%
- iv) Water soluble Calcium as percent by weight, minimum 18.8%
- v) Water insolubles percent by weight, maximum 1.5%
- vi) Particle size: 90% of the material shall pass through 4.00 mm sieve and be retained on 1 mm IS sieve. Not more than 5% shall pass through 1 mm IS sieve."
4. In Schedule-II to the said Order, in PART-B, under the heading 'Methods of Analysis of Fertilisers' after the sub-heading 20. 'Determination of Particle Size in Different Fertilisers' and the entries relating thereto, the following sub-headings, and entries shall be inserted, namely:-

CONTD.....4...

"21. Method of Analysis: Nitrate

- i) Determination of total nitrogen
by the method as specified in 3(viii)
 - ii) Determination of Ammonical Nitrogen
By the method as specified in 3(vii)
 - iii) Determination of Nitrate
By the method as specified in 3(viii)&(vii)
 - iv) Determination of water insoluble matter
By the method as specified in 8(vii)
 - v) Determination of water soluble calcium
- A. Titrametric Method (EDTA) Titrations
- (a) Reagents
 - (i) Buffer solution (PH-12.0) - Dissolve 225 gm KOH(AR) in 250 ml. water. Add 15 ml Triethanolamine and make volume to one litre after cooling the solution.
 - (ii) Patton and Reader's indicator (HHSNMA) - Dissolve 0.2 gm indicator in 100 ml methanol.
 - (iii) Calcium Standard Solution (mg/ml) - Dissolve 2.4973 g calcium carbonates, primary standard grade, previously dried for 2 hours at 285°C, in HCl(1+10). Dilute to 1 litre with distilled water.
 - iv) Disodium dihydrogent ethylene diamine terra acetic standard solution (0.01 M) - Dissolve 3.7224 gm Na₂H₂-EDTA(AR) previously dried at 105 to 110°C for 1 hr. in distilled water and make volume to one litre.

CONTD.....5....

(b) Standardisation of Calcium Solution

- (i) Pipette 10 ml calcium standard solution into 250 ml erlenmeyer flask.
- (ii) Add 10-15 ml distilled water and 20 ml Buffer solution.

(iii) Add few drops of indicator's solution. A red rose colour will appear.

(iv) Titrate with EDTA till a blue colour is obtained.

Note the volume of EDTA used as V_1 ml

$$\text{Calcium Titer (mg/ml)} = \frac{\text{Volume of Calcium standard solution (ml)}}{\text{Volume of EDTA solution used (ml) } (V_1)}$$

(c) Preparation of sample solution

(i) Weight 2.5 g calcium nitrate fertiliser sample into 250 volumetric flask.

(ii) Make up the volume with distilled water. Shake well.

(d) Procedure

(i) Pipette 5 ml of aliquot in 250 ml erlenmeyer flask.

(ii) Add 10-15 ml distilled water & 20 ml Buffer solution.

(iii) Add few drops of indicator's solution. A red rose colour will appear.

(iv) Titrate with EDTA till a blue colour is obtained.

Note the volume of EDTA used as V_2 ml

Calculation

$$\text{Calcium per cent} = V_2 \times \text{Calcium Titer} \times 2$$

B. Atomic Absorption spectrophotometric Method

(1) Reagent:

Unless specified otherwise pure chemicals and Glass distilled or demineralised water shall be used in test.

(a) Hydrochloric Acid = 3 N
 (b) Preparation of stock solution:-

(i) Calcium stock solution - Dissolve 2.498 gram CaCO_3 in a minimum amount of 3 N HCl. Dilute to 1 litre (1000ppm Ca). Dilute 10 ml to 100 ml. This is 100 ppm stock solution.

(ii) Lanthanum stock solution:- 50 g La_2O_3 in 250 ml HCl, adding acid slowly. Dilute to 1 litre.

(c) Preparation of working standard:-

Add 0, 5, 10, 15 and 20 ml of Ca stock solution in a 100 ml volumetric flask. Add 20 ml La stock solution and make up the volume to 100 ml with distilled water. This will correspond to 0,5,10,15 and 20 mg Ca/ml containing 1% Ca.

No.	Volume of Ca taken from stock solution	Volume of La added in Vol. of Ca in Mg/ml	Concentration of Ca in (ppm).
1.	0 ml	20 ml	0
2.	5 ml	20 ml	5
3.	10 ml	20 ml	10
4.	15 ml	20 ml	15
5.	20 ml	20 ml	20

(2) Procedure:

Weigh 1.00 gram well grind sample in a 100 ml volumetric flask. Add 25 ml water and shake to dissolve.

CONTD....7...

Then add 20 ml Lanthanum solution in the flask and make volume to 100 ml with distilled water. Shake well and allow to settle. Filter, if required, before it is aspirated.

(3) Flaming of the Solution:- Flame the standard and sample solution on AAS at wave length of 422.7 nm using Air - Acetylene flame.

(4) Calculation:- Plot the calibration curve using the mean absorbance on Y axis and the corresponding concentration of Ca (ug/ml) at 'X' axis. Determine the concentration of calcium in the sample by reference to the calibration curve: % Ca = Concentration (ug/ml) X 10⁻².

22. Method of Analysis of Potassium Magnesium Sulphate

Determination of water soluble K₂O
By the method as specified in 5(i)

Determination of Magnesium
By the method as specified in 19(B) and 19(A)

Determination of total Chlorides
By the method as specified in 18

Determination of Sodium
By the method as specified in 17

Determination of particle size
By the method as specified in 20."

Sub:- Clarification of clubbing of two (or) more DEPB Scrips.

Attention of the Taxpayers invited to the clarification issued by DGFT on the above subject vide Policy Circular 26(RE-99)/99-2000 dated 09.08.1999. The clubbing of two or more DEPB scrips is permitted subject to the condition "The FOB value taken for CIF restriction shall be proportionate to the credit availed against such DEPBs by the Importer." The following illustration is given for the proper understanding.

ILLUSTRATION:-

If importer has XDEPB with FOB value of Rs.1 crore mentioned on it against DEPB credit of Rs.10 lakhs and the importer want to use a credit of Rs.2 lakhs from the X DEPB for clubbing with other DEPB, the FOB value taken for restriction against X DEPB shall be Rs.20 lakhs at the total imports allowed against X DEPB shall not exceed Rs.20 lakhs. Similarly, if the X DEPB is clubbed with Y DEPB having FOB value of Rs.5 crores mentioned on it with a DEPB credit of Rs.1 crore and the credit being used from Y DEPB is Rs.20 lakhs, the FOB value taken for restriction from Y DEPB shall be Rs.1 crore. Therefore, where X and Y DEPB are clubbed for adjustment of credit for Rs.22 lakhs, the FOB value taken for CIF restriction shall be Rs.1.20 crores and the CIF value of imports in this case shall not exceed Rs.1.20 crores.

To monitor the above stated changes, parallel debits of applicable duties and proportionate FOB values should be done in the scrips.

The importer / exporter / CHAs and others may note the above changes for information and necessary action.

DY. COMMISSIONER OF CUSTOMS
(PREV. GENL.)

Master of ships or owners/agents of vessels are permitted to carry on board Indian currency notes of denomination up to Rs. 50/- for disbursement of wages to the crew of the ships etc. In this regard, Indian National Shipowners Association (INSA) had requested RBI to permit the foreign going vessel to take on board the Indian currency of higher denomination, for disbursement of wages etc. on board the ship as they face difficulty in handling large number of currency notes of smaller denomination. Their request has been considered and it has been decided to allow Merchant ships to carry Indian currency notes of Rs. 100/- denomination also for disbursement of wages etc. on board of foreign going vessels, subject to the usual conditions prescribed by RBI

PUBLIC NOTICE NO.232/99

Sub: Amendment to public notice 242/98 Dt 08/12/98 issued for Computerised Processing Bills of Entry under the Indian Customs EDI system-Imports (ICES/I) at the Custom House, Chennai.

The importers, the exporters, the Custom House Agents and trade are informed that computerised processing of Bills of Entry (Bs/E) under the Indian Customs EDI system for imports (ICES/I- referred to as the system) amending P.N.No.242/98 in this Public Notice.

With reference to Para 4 of the P.N.242/98, now the Shipping Lines (including the Steamer Agents) can submit Import General Manifest (IGM) on a Floppy Disk. The file structure and format of text file with an example is given in the Annexure-I to this P.N.

With reference to Para 5 of P.N.242/98, the Importer/CHA may now file the Cargo Declaration (instead of Bs/E) as per Annexure-I (of P.N.242/98) on a Floppy disk. The details are required to be submitted in a flat file format. The User Job No.in the table of Bs/E should be a running serial number for a particular CHA. This User Job No. would be the reference for EDI Bs/E No. and other details. The Importer/CHA would be required to pay Rs.60/- (Rupees sixty only) in Service Centre for taking printout of Bs/E etc. (irrespective of number of items). The guidelines for preparing Bs/E in flat file format are included in the Annexure-II of this P.N.

All the Code Directories required for filing IGM / Bs/E are available with EDI Systems, Chennai Customs. Interested parties may procure the same in a floppy on any working day against a request with D.C.(EDI)/A.O.(EDI). Rs.25/- (Rupees twenty five only) will be charged for the floppy with directory details.

It is hereby notified that P.N.163/99 which was issued on 18.06.99 will hereafter be applicable to non-EDI bills only. For all EDI related bills which were earlier covered under different schemes, viz. self-assessment, Green Channel, Fast Track clearance Schemes, etc., a procedure namely "Green Channel Facility" is proposed.

Consequently, Para 7 of P.N.242/98 is replaced by the following:

"7. Green Channel Facility - any importer fulfilling the following conditions is eligible to apply for green channel clearance.

1. Units paying a estimated duty of Rs.10 Crores and above per annum;
2. Exporters holding certificate of Export House, Trading House, Star Trading House, Super Star Trading House;
3. Public Sector manufacturing Units, Central/State Government Undertakings and Central and Stage Government Departments.
4. Statutory Corporations, Central Government approved Test Houses and Research Institutes;
5. Top 20 Importers in terms of their duty payment which will be updated in the first week of April every year;

investment of Rs. 30 Crores and above.

GROUP HAVING

193

7. Importers having unblemished record in the past (list as per Annexure-III) to this P.N. which will be subject to modification based on the administrative exigencies).

All eligible importers as per the conditions laid above, can request for Green Channel Clearance by making a request in Annexure-I by entering "Y" against Entry No."14 (B)". The Bs/E will be processed in normal course. On checking the eligibility of the importer for this facility by the Appraising Officer, the Bs/E will be sent to the A.C.(Group) for approval in the system. After payment of duty, if any, the Bs/E will appear on the A.C.(Docks)/CFS screen. After verification of the documents by the A.C.(Docks)/CFS, Bs/E will be sent to the Shed Appraiser who would release the goods waiving the physical examination.

However, inspection of the cargo will be done in all cases.

The department reserves the right to examine the cargo on the basis of information or at the discretion of the A.C.(Docks)/CFSs.

In case of detection of any discrepancy in the imports of the importers claiming Green Channel Facility, their name will be removed from the list and they will be debarred from utilizing/availing the benefits under Green Channel Facility. This facility will be withdrawn in the case of importers involved in investigation under the Customs Act, 1962 or other allied Acts."

With reference to Para 16 of P.N. 242/98, since all the Container Freight Stations (CFSS) are now connected with EDI Server at Custom House, Chennai. The procedure for examination of goods at CFSS will be the same that applicable at Port Trust. Hence, Para 16.2, 16.3 and 16.4 have no relevance and may be considered as deleted. (16)

IGM LOADING BY FLOPPY.

145

Import General Manifest - SEA

The manifest format of Air and Sea Cargo are entirely different. This document is specifying only the IGM format relevant to Sea Customs Stations only.

The IGM on Floppy can be submitted in two ways , which are explained below:

- A. Getting allotted IGM Number and subsequently file Cargo and Container details:
 1. Shipping lines has to get the Voyage details entered at the Service Centre. On entry, the ICES will assign the IGM Rotation Number.
 2. With this IGM Rotation Number, the Shipping Line has to prepare the data floppy containing Cargo and the Container details and submit to Service Centre.

The Service Centre will load the data floppy on to the Service Centre System.

Once the Complete IGM information is loaded on to the Service Centre System, the Shipping Line has to direct the Service Centre to submit the IGM to Customs, till then, it will reside on the Service Centre system and will not be treated as a Customs Document.
1. The Shipping Line can submit the IGM in parts, till it is submitted to Customs.
3. After submission, the AC will make the entry inward for the IGM.
- B Submission of Voyage, Cargo and Container details in one go:

In this version it is possible to submit the full IGM information in one go. The Shipping Line can bring the Voyage, Cargo and Container details on floppy and submit to Service Centre. The IGM Rotation Number and IGM Year fields referred in Voyage, Cargo and Container formats have to be left blank (Refer File formats) as shown in the sample file (Samp2.igm).

The Shipping Lines can submit the IGM in parts, till it is submitted to Customs.

If the IGM is to be submitted in parts, only the first part (first floppy) can be submitted directly without IGM NO, subsequent parts (floppies) should include the IGM Number and Year as in the first case.

After submission AC will make the entry inward for the IGM.

An EDI message will contain details of single IGM and will look like as follows:

<SEA-IGM>1.0
<TABLE>VOYAGE

<END-IGM>

Procedure of creating a message file:

The Shipping Agents have to prepare the data floppy in the format acceptable to ICES.

The file shall be created the order as specified below:

Message consists to two type of lines -

- i. Tag line - indicates the start of a new set of fields and is followed by data line.
- ii. Data line - contains actual data fields each sseparated by delimiter.

Tag <SEA-IGM>1.0

Indicates the start of IGM. The number after this tag (like 1.0) represents the Version Number of the software.

Tag <TABLE>VOYAGE

Indicates the start of Voyage(IGM) details and is followed by Voyage details.

Tag <TABLE>CARGO

Indicates the start of CARGO DETAILS and is followed by Line details (Cargo details).

Tag <TABLE>CONTAINER

Indicates the start of Container details and is followed by Container details.

Tag <END-IGM>

Indicates the end of IGM.

line message title shall be created in the order as specified above.
Field delimiter

Each data line consists of a number of fields separated by field
delimiter] i.e. chr(29)

File naming convention

Default extension of message file shall be .igm (e.g. 98000001.igm)

GUIDE LINES FOR PREPARATION DATA FILE

This document explains in detail the procedure of creating the document files, for the Bill of Entry for submission on floppy to Customs, the formats of the files and the submission process at the customhouse.

IMPORTS - SEA

PRE-REQUISITES FOR SUBMISSION OF BILLS OF ENTRY THROUGH FLOPPY :

1. Registration of IEC

The Import Export Code shall be registered on ICES.

2. Registration of Custom House Agent

CHA License shall be registered on ICES

3. Code Directories

The Code directories as specified in the document shall be used.

4. The flat file shall be in the format as described in the document.

5. Notifications shall be entered in the following format :

Ex :	5/94	shall be entered as	005/94
	23/96	shall be entered as	023/96
	117/94	shall be entered as	117/94

6. Notification Sr. No shall be entered in the following format :

Ex :	5	shall be entered as	5
	5(a)	shall be entered as	5a
	14(a)(iii)	shall be entered as	14aiii
	14 A (IV)	shall be entered as	14AIV

7. Date fields are to be transferred in YYYYMMDD format.

PROCEDURE OF CREATING A FLAT FILE :

The existing software in the systems of the CHAs/Importers may be modified to generate a flat file in the format acceptable to ICES.

The file shall be created the order as specified below :

Line 1 : Character 1-10

<RES/I>2.0 Hard Coded

Next Line : Character 1-9

<TABLE>BE Hard coded

This line is followed by master details of BE in the order as given in Table BE .

There shall be single line for master details.

Next Line : Character 1-11

<TABLE>IGMS Hard Coded

This line is followed by IGM information in the order as given in Table IGMS

There can be multiple lines.

Next Line : Character 1-16

<TABLE>CONTAINER Hard Coded

This line is followed by CONTAINER information in the order as given in Table CONTAINER

There can be multiple Containers.

Next Line : Character 1-15

<TABLE>EXCHANGE Hard Coded

This is followed by exchange rate information in the order as described in Table EXCHANGE.

There will be number of lines equivalent to the number of currencies used in the BE

Next Line : Character 1-17

<TABLE>PERMISSION Hard Coded

This table shall contain the reasons for late filing of BE U/s 48.

Next Line : Character 1-14

<TABLE>INVOICE Hard Coded

This is followed by the invoice details in the order as described in the Table INVOICE

There can be multiple invoices.

NOTIFICATION NO.64/99-CUSTOMS

GSR (E).- Whereas in the matter of Acrylic fibre, including tow and tops, ranging from 1.5 denier to 8.0 denier and falling under chapter 55 of the First Schedule to the Customs Tariff Act, 1975 (51 of 1975), originating in or exported from Mexico, the Designated Authority vide its preliminary findings, published in the Gazette of India, Extraordinary, Part I, Section 1, dated the 8th April, 1999, had come to the conclusion that-

(a) Acrylic fibre originating in or exported from Mexico, has been exported to India below normal value, resulting in dumping;

(b) the Indian industry has suffered material injury;

(c) injury has been caused by imports from the subject country.

Contd....2/-

170

Now, therefore, in exercise of the powers conferred by sub-section (2) of section 9A of the said Customs Tariff Act, read with rules 13 and 20 of the Customs Tariff (Identification, Assessment and Collection of Anti-Dumping Duty on Dumped Articles and for Determination of Injury) Rules, 1995, the Central Govt on the basis of the findings of the Designated Authority, hereby imposes on acrylic fibre, including tow and tops, ranging from 1.5 denier to 8.0 denier and falling under chapter 55 of the First Schedule to the said Customs Tariff Act, when originating in or exported from Mexico, by any exporter, and imported into India, an anti-dumping duty which shall be equivalent to the difference between an amount of Rs.83.70 (Rupees eighty three and paise seventy) per kg., and the landed value of acrylic fibre per kg.

2. This notification shall have effect upto and inclusive of the 13th day of November, 1999.

Explanation.- For the purposes of this notifn, 'landed value' means the assessable value as determined under the Customs Act, 1962 (52 of 1962) and includes all duties of customs except customs duties levied under sections 3, 3A, 8B, 9 or 9A, as the case may be, of the said Customs Tariff Act.

Government of India, Ministry of Finance, Department of Revenue, Central Board of Central Excise and Customs, New Delhi, Circular No. 53/99^(V) F.No. 450/71/99 - Cum. IV dated 24.8.99 is reproduced below for information and guidance of the clearing agents, steamer agents, owners and masters of the foreign flag vessels and the public.

(K.C. JOHNY)
DY. COMMISSIONER OF CUSTOMS
(PREV. GENL.)

F.No. 531/255/99 - Prev.

Dated: 22.09.99

It has been brought to the notice of Board by the Directorate General of Shipping, Ministry of Surface Transport, Mumbai that foreign flag ships are plying on the Indian Coast without obtaining licences from the D.G. Shipping, Mumbai under sections 406/407 of the Marine Shipping Act, 1958. Attention has been drawn to Section 410 of the said Act, which states that "no Customs Collector shall grant a port clearance to a ship in respect of which a licence is required under this Part until after production by the owner, master or agent of such a licence". However, Customs clearances are reported to be issued to ships leaving Indian Ports even if they do not have valid licence from the D.G. Shipping.

2. The matter has been examined by Board. It is seen that the Directorate General of Shipping has been entrusted with the responsibility of ensuring the safety of both Indian and Foreign Flag vessels when call at Indian Ports under the Flag State and Port State Control regime. Further, the D.G. Shipping is responsible for ensuring the safety of the Marine environment from pollution caused by ships while plying on the coast of India. Keeping in view the above aspects, it has been decided that in all cases where a valid licence is not produced by the Master/Owner of the ship, they should obtain a clearance from the office of Directorate General of Shipping as Surveyor of a port to ensure that the ships which call at the Indian Ports have a valid licence under the Marine Shipping Act. This needs to be done more so if the ship is engaged in coastal operations like servicing offshore platforms, drilling operations, assisting in port operations (tugs, etc.), supply vessels, etc.

Sub:- Procedure for export of goods from Chennai Port through gateway ports like Tuticorin - reg.

1. Request has been received to permit export of goods through other ports like Tuticorin after examination by Customs at Chennai in view of the present congestion at Chennai port. Accordingly, as^a/_{one} time measure and in the interest of export promotion, the above request has been examined and following procedure is issued for compliance. This facility will be operative till the congestion in the Chennai Port eases or by 31.12.99 whichever is earlier.
2. It is notified for information of all Steamer Agents, CHAs, Exporters and all others concerned that to facilitate movement of export cargo emanating from one port to be shipped from another gateway port, the following procedure is prescribed.

EXPORT OF CONTAINERS FROM CHENNAI PORT FOR SHIPMENT THROUGH OTHER GATEWAY PORTS:-

3. The exporter/CHA will file shipping bill in sextuplicate i.e. original, duplicate, triplicate, two transference copies and one E.P. copy. In addition to the usual information given in the shipping bill, the exporter will also mention the port of export/shipment (here: Tuticorin) on the shipping bill along with the serial number(s) of container(s), the name of the vessel which will carry the containers from Tuticorin Port. Each copy of the shipping bill will be endorsed that the goods are to be exported through Tuticorin Port along with the

Contd.....2....

name of the Port (Chennai) from which it is being sent by rail.

4. The shipping bill will be processed in the usual manner at Chennai Customs. The cargo will be examined and stuffed in the presence of Customs Officials and the container will be sealed by the Customs officials with bottle seals as per the existing procedure, mentioning the seal numbers after sealing.

5. The Appraising Officer/Examining Officer at Chennai Port shall give "Let Export" order on the duplicate copy of the Shipping Bill as also on both the transference copies. The E.P. copy will be suitably endorsed/stamped by the Customs Officials (A.O./E.O.) to the effect that the containers will be transported by train to Tuticorin Port on the shipping bill for their destination outside India. The E.P. copy will be finally endorsed only after receipt of transference copy evidencing that the containers are loaded on the vessel at Tuticorin Port. The Duplicate copy will be detached at Chennai Port by the Preventive Officer(CFS) and forwarded to DBK/Export as the case may be.

6. Preventive Officer, Docks Preventive section at Tuticorin will examine the "Let Export" order and allow shipment on transference copies of shipping Bills. After the contents are received on board and endorsed by the Master of the Vessel on transference copies of the shipping bill, the Preventive Officer, Docks Preventive section will endorse the transference copies of shipping bills as 'Supervised the Shipment' and he will hand over transference copies to the Superintendent, Docks Preventive Section and one of the transference copies to Steamer Agent. A xerox copy of the other transference

copy will be sent directly to Chennai Customs duly attested by Superintendent (Docks), Tuticorin.

7. Tuticorin Port will forward the details of such shipping bills vessel-wise to the Asst. Commissioner, Export Section/Drawback, Chennai Customs as the case may be in Form-I.

8. The Shipping Agent will continue to file EGM in respect of containers placed on board the vessel at Tuticorin port.

9. The Shipping Agent shall deliver the transference copy of the Shipping Bill duly endorsed by Customs Authority at Tuticorin to Superintendent, Docks Preventive Section at Chennai Customs. On receipt of transference copy of the Shipping Bill from the Tuticorin Port, Docks Preventive section at Chennai Customs shall enter the date of receipt of transference copy in the register maintained for this purpose. The Superintendent, Docks Preventive Section at Tuticorin will ensure that EP/AR4 copies are endorsed and the transference copies are delivered and sent to the Asst. Commissioner (Export Section), Chennai Customs. The concerned section of the Customs House will, thereafter process the documents as per the prescribed procedure for settlement of Drawback, DEEC, DEPB benefits, etc. Tuticorin Customs will also send an attested copy of EGM along with the transference copies of the Shipping Bills.

EXPORT OF CONTAINERS FROM TUTICORIN PORT:

10. The containers at Tuticorin Port will be unloaded from train and kept in a separate block under supervision of Customs Preventive Officer/Boarding Officer. The Shipping Agents will hand over transference copies to Superintendent, Docks Preventive Section who will enter the details of all such transference copy in a separate

register (Annexure 'A') maintained for this purpose. The name of the vessel, through which the containers are meant for export from Tuticorin Port will be verified/endorsed by the Preventive Officer. The Customs officers at Tuticorin will verify and ensure that the seals are in tact, that there has been no tampering either the seals or any portion of the containers. They will tally the seal numbers with the numbers shown in the corresponding shipping documents.

11. At the time of loading of the Export containers on to the vessel, the Boarding Officer or Customs Preventive Officer nominated at Tuticorin will endorse the two transference copies of the shipping bills, after examining the containers, with Containers Nos. Seal Nos. in the following manner:-

- (1) Inspected and found containers bearing the Customs seal numbers as per the transference copy of the Shipping Bill.
 - (2) The Customs seals on the above mentioned containers are found intact.
 - (3) All the containers mentioned above have been shipped under my supervision on the vessel.
12. If seals of the containers are found broken at the Tuticorin Port or anything is suspected suggesting tampering etc., Superintendent, Docks Preventive Section may examine the goods and make suitable endorsement on the transference copies of the Shipping Bills. The arrangement for examination would be made by concor who will also produce necessary documents like copy of shipping bill, Invoice etc.
13. Immediately after shipment of containers from Tuticorin Port, the Customs Preventive Officer shall enter the name of the vessel and date of shipment against the entry made at the time of receipt of transference copies of Shipping Bill and will hand over one

transference copy to the Shipping Agent on the strength of which EGM will be filed and second copy to be attested and xerox copy of the same be sent to Chennai Port to the Asst. Commissioner (Exports) for endorsing EP/AR4 copies and processing the documents as per the prescribed procedure for Drawback, DFEC, DEPB benefits, by the concerned Sections.

14. Superintendent (D.P.), Tuticorin Port will prepare summary of all outstanding entries where transference copy is not received from the gateway port on the last working day of every month and submit the same for perusal to Asst. Commissioner incharge.

15. If the export is made under claim for drawback, the drawback will be settled only after receipt of proof of shipment. Similarly, in case of any discrepancy between the goods allowed and actually shipped, the exporter will not be entitled for any export incentives.

16. For any pilferage/loss etc, the carrier will be held responsible.

17. This Public Notice will take effect from 1st day of October 1999.

PUBLIC NOTICE NO. 247/99

Sub: Instruction/Restriction for opening of Deposit
A/C - reg.

1) It is observed that number of CHAs are operating Deposit Accounts in the Custom House. The Demand Draft drawn and issued by the importer in favour of Commissioner of Customs Account/CHA are deposited in their Account and the duty payable against their clerks are adjusted from this. An instance of misuse of this facility has come to the notice of the Department.

2) In view of this, it is hereby informed that henceforth all the importers/exporters will draw DD only in the name of Commissioner of Customs, Account concerned importer/exporter, and not A/C CHA. It is also informed that no fresh credit will be accepted in the existing CHA's deposit account on behalf of the importer/exporter and the amount accumulated in their A/C will be allowed to be adjusted against current imports or by way of refund to the CHA's. The importers/exporters are advised to open fresh deposit account in their own names, if they do not have one now, and operate the payment through DD issued in favour of Commissioner of Customs on account of such importer/exporter.

Some doubts have been raised by the field formations
and certain sections of the Trade as regards the
applicability of All Industry Rate of Drawback under S.S.
No.62.01 of the Drawback Table to the Woollen Garments not
specified in S.S. No.62.09 ibid.

CONTI....2....

202

The issue has been examined and it is clarified that Sub Serial number 62.01 of the Drawback Table is not applicable to Woollen Knedyrade Garments. It is also clarified that S.S. No.62.09 is applicable to only Woollen Suits / Trousers / Blazers / Jackets. Therefore, Woollen Garments other than these categories are not covered by any of the S.S. Nos. of Drawback Table and hence the exporters can only claim Brand rate for the same.

In terms of the proviso to General Note 11 of the Brebeck Table, the Exporters of Handicrafts of Brass / Iron under the Duty Brebeck Scheme are not required to produce a certificate regarding non-availment of NOIVAL facility as Handicrafts are unconditionally exempted from Central Excise duty. However, in cases of doubt, the exporters are required to produce a certificate from the Development Commissioner, Handicrafts, certifying that the goods entered for export are Handicrafts.

In response to various representations received from Trade bodies, the issue has been examined by the Board on consultation with the Development Commissioner, Handicrafts and the Ministry of Textiles, it has been decided to accept the Certificate issued by Export Promotion Council for Handicrafts by way of endorsement on the body of the Shipping Bills that the goods covered by such Shipping Bills are Handicrafts.

GSR (E). In exercise of the powers conferred by sub-section (1) of section 157, read with sub-section (3) of section 160 of the Customs Act, 1962 (52 of 1962), the Central Board of Excise and Customs hereby makes the following rules to further amend the Foreign Privileged

Persons' (Regulation of Customs Privileges) Rules, 1957, namely:-

- (1) These rules may be called the Foreign Privileged Persons' (Regulation of Customs Privileges) Amendment Rules, 1999.
- (2) They shall come into force on the date of their publication in the official gazette.

2. In the Foreign Privileged Persons' (Regulations of Customs Privileges) Rules, 1957, "

- (i) in rule 4A:--
 - (a) in sub-rule (2), in clause (c), after the proviso, the following proviso shall be inserted, namely:
"provided further that in case such insurance company also declines to accept the offer for sale of such motor vehicle, the motor vehicle, with the permission of Central Board of Excise and Customs, may be sold to the Metal Scrap Trading Corporation or any suitable disposal agency for scrapping;"
 - (b) in sub-rule (2), after clause (c), the following clause shall be inserted, namely:
"(d) may, notwithstanding any thing contained in clauses (a), (b) and (c), sell or otherwise dispose of any motor

Contd... 2/-

vehicle where the engine capacity thereof does not exceed 1500 CC, to any non-privileged person, with the permission of Central Board of Excise and Customs through the Ministry of External Affairs, on payment of appropriate Custom duty, on expiry of three years from the date on which such motor vehicle was imported";

(c) In sub-rule (3), for clause (ii), the following clause shall be substituted, namely:--

"(ii) Every application for sale or disposal otherwise of a motor vehicle to the State Trading Corporation, under clause (C) of sub-rule (2), shall be made to the Ministry of External Affairs, in the form in Appendix VI and in case of accidented or totally damaged motor vehicle, the Ministry of External Affairs shall remit the application to the Central Board of Excise and Customs, if the State Trading Corporation and the insurance company have declined the offers so made or the offers of the State Trading Corporation and the insurance company are not acceptable to the privileged person,";

(d) after sub-rule (3), the following sub-rule shall be inserted, namely:--

* (4) Any special purpose vehicle such as communication vehicle or armoured vehicle may only be;

(a) sold to another privileged person; or
(b) re-exported, or

(c) surrendered to the nearest Custom House, or for scrapping or authorising a suitable Indian agency for scrapping and the sale proceeds, of scrap so obtained, if any, shall be reimbursed to the privileged person after deducting the duty leviable for such vehicle; "

(ii) in rule 5,--

(a) in sub-rule (1), for the portion beginning with the words "the duty to be recovered shall" and ending with the words "the time of importation of the goods", the following shall be substituted, namely:--

"The duty to be recovered shall be assessed in consultation with the Commissioner of Customs nearest to the headquarter of the privileged person in India";
(b) after sub-rule (1), the following sub-rules shall be inserted, namely:--

"(1A) Any motor vehicle which has engine capacity of 1500 CC and below may also be sold or otherwise disposed of to a non-privileged person on expiry of three years from the date of its importation.

(1B) The Custom duty on any vehicle sold or otherwise disposed of under sub-rule (1A) shall be paid to the Commissioner of Customs nearest to the headquarters in India of the privileged person concerned. The duty to be recovered for such motor vehicle, except in case of accidented or totally damaged vehicle, shall be assessed on the depreciated value arrived after providing for depreciation at the scales specified by the Central Board of Excise and Customs in case of import of second hand motor vehicles. The rate of duty on such vehicle and the exchange rate for conversion of foreign Currency into Indian Currency shall be taken as applicable on the date of approval of such sale or otherwise disposal by the said Board under clause (d) of sub-rule (2) of rule 4A.

(1C) In case of any accidented or totally damaged vehicle referred to in sub-rule (1B), the value shall be the transaction value and rate of custom duty shall be taken as that applicable to such motor vehicles, if it had not been so accidented or damaged at the time of such sale.

GSH (A) Whereas in the matter of import of
Polytetrafluoroethylene (hereinafter referred to as PTFE)
falling under Chapter 39 of the First Schedule to the Customs
Tariff Act (51 of 1975), originating in or exported from
Russia, the Designated Authority vide its preliminary
findings published in Part I, Section I, of the Gazette of
India, Extraordinary dated the 9th June 1999, has concluded
that
1) PTFE, originating in or exported from Russia, has
been exported below normal value resulting in dumping;
2) the domestic industry has suffered injury;
3) the injury has been caused by imports from the
subject country.

254

Now, therefore, in exercise of the powers conferred by sub-section (2) of section 9(A) of the said Customs Tariff Act, read with rule 13 and rule 20 of the Customs Tariff (Identification, Assessment, and Collection of Anti-dumping duty on Dumped Articles and for Determination of Injury) Rules, 1995, and based on the above-mentioned findings of the Designated Authority, the Central Govt, hereby, imposes on PTFE, falling under sub-heading number 3904.61, of the First Schedule to the said Customs Tariff Act, when originating in or exported from Russia, and imported into India, an anti-dumping duty at the rate of Rs.2990 per metric tonne.

1975 (51 of 1975), read with rules 12 and 14 of the Customs
Tariff (Identification and Assessment of Safeguard Duty) Rules,
1997, and based upon the final findings of the Director
General (Safeguards) dated the 12th May, 1999, published in
the Gazette of India, Extraordinary, Part II, Section 3,
Sub-section (i) dated the 11th June, 1999 vide No.GSR 430(E),
that increased imports of Phenol into India have threatened
to cause serious injury to the domestic producers of Phenol
and it would be in the public interest to impose safeguard
duty for a period of two years on imports of Phenol into
India, the Central Govt after considering the above mentioned
findings of the Director General (Safeguards), hereby imposes
on Phenol, falling under sub-heading number 2907.11 of the
First Schedule to the said Customs Tariff Act, when imported
into India, a safeguard duty of the rate of-

(a) 22% when imported upto and inclusive of the 29th
day of February, 2000; and

ash in the asbestos cement products for the purpose of eligibility of exemption available under Notification No.60/91 and succeeding notifications presently Notification No.5/99 (S.No.179). Some Commissioners, reportedly have taken a view that percentage of fly ash should be determined taking into account weight of all the raw materials including water used in the manufacture whether contained or not in the final product, whereas some others have taken a views that water content should not be considered for the purpose of calculating the proportion of fly ash. Some Commissioners are calculating the percentage with reference to the weight at the wet stage and others at the dry stage of asbestos cement products.

2. The matter has been re-examined by the Board and it is clarified that the percentage by weight of fly ash has to be calculated taking into account the weight of fly ash used with reference to the weight of the finished product in dry condition i.e. weight of fly ash X 100 -----

Doubts have been expressed as to whether fitting of
duty paid parts and components of an air-conditioner in a
car amounts to manufacture of a car air-conditioner. It is

observed that generally the garages are involved in this type of activity wherein they acquire from market individual parts and components of a car air-conditioner and fit the same in a car. The issue was earlier discussed in the Board's Circular No.21/88-CX.4 dated 28.9.88 under F.No.145/2/87-CX.4 wherein it was stated that fitting of an air conditioner kit, which had already suffered duty as an air-conditioner, does not amount to manufacture of a car air-conditioner. However doubts still continued whether the activity of fitting in cars, of duty paid parts and components acquired from different sources by various garage owners and other such persons amounts to manufacture of car air-conditioners classifiable under heading No.84.15 of Central Excise Tariff.

2. The matter has again been examined by the Board. It is observed that in the course of the activity of fitting the parts and components of an air-conditioner in a car, they are fitted part by part at different places in a car engine and elsewhere in the car. Though by virtue of such fittings an ordinary car is converted into an air-conditioned car, but at no point of time a car-conditioner as a separate and distinct commodity comes into existence. It is thus clarified that the activity of acquiring duty paid parts and components of a car air-conditioner from the market and fitting the same at appropriate positions in a car does not result into manufacture of a new excisable item such as car air-conditioner.

- i) As the processed goods are invariably liable to Central Excise duty and would be cleared by manufacturer exporters against an AR4/AR5 form, the Custom Houses may admit the shipping bills under DEPB Scheme/
- ii) In other cases, i.e., where the goods are exported by Merchants and are not accompanied by AR4/AR5 form, some process like printing are capable of being determined by visual examination and such printed fabrics can be regarded as processed fabrics before they were converting it into "MADE-UPS", in those cases also shipping bills may be admitted under DEPB scheme.

5. In respect of cases not covered by the above, the Exporters are required to furnish with the shipping bills, a test report to establish that the fabric was subjected to any of the prescribed processes.

publication in the Official Gazette.

2. In the Customs Tariff (Identification, Assessment and
Collection of Anti-dumping duty or Dumped Articles and for
Determination of Injury) Rules, 1975 (hereinafter referred to
as the said rules), in rule 2, in clause (b),-

Cor'd.....2/-

(e) for the words, "such producers shall be deemed", the words, "such producers may be deemed" shall be substituted:-

(b) after the proviso, the following Explanation shall be inserted, namely:-
"Explanation:- For the purpose of this clause,-"

(1) Producers shall be deemed to be related to exporters or importers only if:-

(a) one of them directly or indirectly controls the other; or
(b) both of them are directly or indirectly controlled by a third person; OR

(c) together they directly or indirectly control a third person, subject to the condition that there are grounds for believing or suspecting that the effect of the relationship is such as to cause the producers to behave differently from non-related producers."

(2) a producer shall be deemed to control another producer when the former is legally or operationally in a position to exercise restraint or direction over the latter."

3. In rule 4 of the said rules, for clause (c), the following clause shall be substituted, namely:-

"(c) to recommend the amount of anti-dumping duty equal to the margin of dumping or less, which if levied, would remove the injury to the domestic industry, and the date of commencement of such duty and".

4. In rule 15 of the said rules, in sub-rule (6), for the proviso, the following proviso shall be substituted, namely:-

"Provided that in case of any violation of an undertaking, the designated authority shall, as soon as may be possible, inform the Central Government of the violation of the undertaking and recommend imposition of provisional duty from the date of such violation in accordance with the provisions of these rules".

5. In rule 17 of the said rules, in sub-rule (1),-

(a) in clause (a), in the first proviso, for the words "in circumstances of exceptional nature", the words "in its discretion in special circumstances" shall be substituted;

(b) for clause (b), the following clause shall be substituted, namely:-

"(b) recommending the amount of duty which, if levied, would remove the injury where applicable, to the domestic industry."

6. In rule 18 of the said rules, in sub-rule (1), the proviso shall be omitted.

7. In rule 20 of the said rules, in the second proviso, the following proviso shall be inserted, namely:-
"Provided also that notwithstanding anything contained in the foregoing proviso, in case of violation of such undertaking, the provisional duty shall be deemed to have been levied from the date of violation of the undertaking or such date as the Central Government may specify in each case".

8. In Annexure I to the said rules, after Paragraph 6, the following paragraph shall be inserted, namely:-

"7. In case of imports from non-market economy countries, normal value shall be determined on the basis of the price or constructed value in a market economy third country, or the price from such a third country to other countries, including India, or where it is not possible, on any other reasonable basis, including the price actually paid or payable in India for the like product, duly adjusted if necessary, to include a reasonable profit margin. An appropriate market economy third country shall be selected by the designated authority in a reasonable manner and due account shall be taken of any reliable information made available at the time of the selection. Account shall also be taken within time limits, where appropriate, of the investigation if any made in similar sector in respect of any other market economy third country. The parties to the investigation shall be informed without unreasonable delay the aforesaid selection of the market economy third country and shall be given a reasonable period of time to offer their comments."

9. In Annexure II to the said rules, in Paragraph (iv), for the word "essential", the word "potential" shall be substituted.

1.5 denier to 8.0 denier and falling under Chapter 55
of the First Schedule to the Customs Tariff Act, 1975
(51 of 1975), originating in or exported from Mexico, the
Designated Authority, vide its preliminary findings, published
in the Gazette of India, Extraordinary, Part I, Section 1,
dated the 8th April, 1999, had come to the conclusion that-
(a) Acrylic fibre originating in or exported from Mexico,
has been exported to India below normal value, resulting in
dumping;
(b) the Indian industry has suffered material injury;
(c) injury has been caused by imports from the subject
country;

AND WHEREAS on the basis of the aforesaid findings of
the Designated Authority, the Central Govt. has imposed
anti-dumping duty vide notification of the Govt. of India
in the Ministry of Finance (Dept. of Revenue), No. 64/99-
Customs, dated the 14th May, 1999 (GSR 351 (E), dated the
14th May, 1999) published in Part II, Section 3, Sub-section

GSE (E).- WHEREAS M/s Siam Mitsui PT/ Co.Ltd.,

Thailand and M/s PT Amoco Mitsui PT, Indonesia had

requested for reviews in terms of rule 22 of the Customs
Tariff (Identification, Assessment and Collection of Anti-
dumping Duty on Dumped Articles and for Determination of
Injury) Rules, 1995 in respect of exports made by them and the
Designated Authority vide notification No.7/2/98/ADD, dated
the 13th October, 1998 published in the Gazette of India,
Extraordinary, Part I, Section I dated the 14th October, 1998
and notification no.7/2/98/ADD, dated the 12th November, 1998
published in the Gazette of India, Extraordinary, Part I,
Section I dated the 13th November, 1998 had recommended
provisional assessment of all exports of purified terphenolic
acid falling under Chapter 29 of the First Schedule to the
Customs Tariff Act, 1975 made by M/s Siam Mitsui PT,
Co. Ltd., Thailand and M/s PT Amoco Mitsui PT, Indonesia
respectively, at the rate of Rs.1939 per metric tonne till
completion of reviews by it;

Contd..2/-

2/2/99

And whereas, the Central Govt after considering the above-mentioned findings of the Designated Authority, vide notfn no. 19/99-Customs dated the 11th February, 1999 (GSR 100(E) dated the 11th February, 1999) had ordered that pending the outcome of the reviews initiated by the Designated Authority, all exports of purified terephthalic acid falling under Chapter 29 of the First Schedule to the Customs Tariff Act, 1975 made by M/s Siam Mitsui PT. Co. Ltd., Thailand and M/s PT Amoco Mitsui PT., Indonesia when imported into India would not be charged to anti-dumping duty under notfn no. 13/98-Customs dated the 28th April, 1998 (GST 223(E) dated the 28th April 1998) and would be subject to provisional Assessment and guarantee taken for the amount of duty calculated at the rate of Rs.1939 per metric tonne;

And whereas, the Designated Authority vide its final findings vide notfn no. 7(2)/98-ADD dated the 16th June, 1999 and notification No. 7(2)/98-ADD, dated the 16th June 1999 respectively in the matter of review of anti-dumping duty on exports of purified terephthalic acid made by M/s Siam Mitsui PT. Co. Ltd., Thailand and M/s PT Amoco Mitsui PT., Indonesia has arrived at the conclusion that no exports of purified terephthalic acid were made during the period under review by the said companies and that it was not possible to determine a separate margin of dumping for imports made by them. The Designated Authority has recommended that anti-dumping duty should continue at the rates specified in notification No. 13/98-Customs, dated 28th April, 1998 viz at the rate of Rs.1939 per metric tonne on exports made by M/s Siam Mitsui PT/ Co. Ltd., Thailand and Rs.3375 per metric tonne on exports made by and M/s PT Amoco Mitsui PT., Indonesia, from the date of initiation of reviews;

Now, therefore, in exercise of the powers conferred by sub-rule (2) of rule 22 of the Customs Tariff (Identification, Assessment and Collection of Anti-dumping duty on Dumped Articles and for Determination of Injury) Rules, 1995, the Central Govt rescinds notfn no. 19/99-Customs dated the 11th February, 1999 (GSR 100(E) dated the 11th February, 1999) with effect from the date of issue of this notification.

difficulties in sending replacement of goods exported and found defective, damaged or otherwise unfit for use and in getting replacement of goods imported & found defective/damaged or unfit for use.

2. The matter has been examined. It has been decided that following instructions may be followed in this regard :

(A) Goods exported and found defective, damaged or otherwise unfit for use by foreign buyer.

(i) The units may be allowed to make free replacement of the goods exported and found defective, damaged or otherwise unfit for use prior to physical re-import of the such goods subject to grant of GR waiver by Reserve Bank of India. However, such defective, damaged or otherwise unfit for use goods shall be subsequently brought back to the country.

(ii) The unit may be allowed to re-import part consignment/full consignment not received for the purpose of re-export in case of failure of the foreign buyer to take the delivery.

(B) Goods imported and found defective/damaged or otherwise unfit for use.

(i) The units may be allowed to receive free replacement of the goods imported and found defective, damaged or otherwise unfit for use, prior to re-export of the same. However, re-export of such defective/damaged or otherwise unfit for use goods may be subsequently made later.

(ii) In case, the supplier of such defective, damaged or otherwise unfit for use goods does not insist on re-export of such goods, the same may not be re-exported subject to the condition that such goods shall be either destroyed with the permission of Assistant Commissioner of Customs/Central Excise in charge of unit or cleared into DTA on payment of full customs duty.

Attention of all concerned is drawn to SS No.09.021 of
the Drawback Table, 1999-2000, wherein drawback @ Re.2/- per
kg. has been allowed on tea (to the extent of indigenous
proportion). The said rate is incumbent upon the condition
of non-availment of Modvat facility.

2. It is hereby clarified that the production of
certificate as regard non-availment of Modvat facility is a

mandatory condition for allowing drawback on tea and this condition cannot be relaxed / waived. Those exporters who are unable to furnish such a certificate may be advised to either apply for Brand Rate of Drawback or avail of the facility of rebate.

3. It is also clarified that the drawback rate of Rs.2/- per kg. is only for the bulk tea and while fixing the same, drawback on any pecking materials has not been considered.

4. It is, however, emphasised that as provided in General Note 2 to the Drawback Table, drawback shall not be allowed in those cases of export where the exporters are availing rebate of Central Excise duties paid on bulk tea in terms of rules 12(1)(a) or 12(1)(b) or exporting under bond in terms of rule 13(1) (b) of the Central Excise Rules, 1944.

should be paid first and abatement granted subsequently or abatement can be granted without insisting for payment of the duty first.

2. The Board has examined the matter. Under rule 96ZQ as it existed prior to 28.2.99, the prerequisites for grant of abatement on closure of stenter were - the stenter should have been completely closed for a continuous period of not less than 7 days and the processor should give at least 3 days notice, before closure, to the Jurisdictional Deputy/ Assistant Commissioner. On receipt of the notice, the stenter was required to be sealed in such a manner as prescribed by the Commissioner. If these conditions were satisfied, then the processor was eligible for abatement. Where the stenter was closed as on 16.12.98 itself, the question of 3 days advance notice for closure did not arise. In that case, the stenter should have been sealed in the aforesaid manner for the purpose of claiming abatement. It would be proper, therefore, that where independent processor is eligible for abatement, it should be granted to him whether he has paid the duty first or did not pay the duty in anticipation of obtaining the order of abatement. Though rule 96ZQ did not contain any specific provision in this regard, there was no specific provision to deny it either.

3. Accordingly, the Board has decided that the Commissioners should decide first whether the processor was otherwise eligible for abatement or not. In case he is eligible and he had not paid the duty, the abatement should be granted without asking him to pay duty first or where he had paid the duty, he should be reimbursed the amount of duty paid, in terms of the order of abatement issued by the Commissioner.

CIRCULAR NO. 89/19-CUS.

The issue of granting endorsement of transferability of expired Advance Licences issued during Exim Policy 1992-97 was under examination in the Department of Revenue in consultation with the DGFT/MCC. The matter was also referred to the Ministry of Law. The export obligation against all these licences had been fulfilled in terms of Public Notice No.62 (PN)/97-02 before 31.12.97. However, the endorsement of transferability could not be made.

2. The issue has been examined in the Board and it has been decided that in respect of Advance Licences issued as per Exim Policy 1992-97, where the export obligation had been completed on or before 31.12.97, the endorsement of transferability shall be permitted by DGFT in the following two situations:

- i) Where the licences were submitted for endorsement of transferability in terms of DGFT Public Notice No.62 (PN)/97-02 dated 31.12.97 on or before 20.2.98 but endorsement could not be done by DGFT because Customs Notification No.32/98 was issued on 4.6.98 or DGFT FN No.7 was issued on 13.4.98 or delay at the end of DGFT.
- ii) Where the licences could not be submitted to DGFT/MCC for endorsement of transferability in terms of DGFT PN No.62 because of delay in logging of DEEC back or delay in issuance of MCBvat Reversal Certificate by Customs.

CONTD.....3...

In respect of cases covered under (ii) above, the licence holder shall also be required to submit a certificate from the concerned Assistant Commissioner of Customs/Central Excise certifying that for want of logging of DEFC Book or issue of MOCvat Reversal Certificate, he could not submit the Advance Licence to the DGFT/MOC by 20.2.98 as specified in DGFT PN No.62.

3. Advance Licences of the types covered by (i) and (ii) above would be allowed transferability alongwith revalidation upto 31.3.2000. Suitable Public Notice is being issued by the DGFT/MOC in this regard.

PUBLIC NOTICE NO. 318/99

All Importers, Exporters, Shipping Lines, Steamer Agents, Custom House Agents and the general public are hereby informed that following the computerisation of the Appeal Unit all duly completed Appeals (in duplicate) will be received for registration only upto 5.00 P.M. on all working days. Despite repeated instructions it is observed that a number of appeals are being filed without the requisite documents. Sub: Verification of DEPB - production of correct copy of shipping bill to Customs and Licencing Authority.

Attention of the Exporters / CHAs and trading Public is invited to para 4 of this Custom House Public Notice No. 42/98, wherein it is indicated that the examination report and let export order will be endorsed in Duplicate, triplicate and quadruplicate copies of shipping bills. It is also indicated that the triplicate copy is for production to the licencing authorities for claiming the DEPB and the quadruplicate copy is for production before Customs for verification of DEPB and this copy will be retained by Customs for record purposes.

It was pointed out by JGFT that some of the exporters / CHAs are marking both triplicate and quadruplicate copies of shipping bills as EXPORT PROMOTION COPY and this causes difficulty in attesting the same.

In view of the above, it is once again clarified that in terms of P.N.42/98, all the exporters / CHAs are requested to mark only the TRIPPLICATE copy as EXPORT PROMOTION COPY to have uniformity. Shipping Bills with discrepancy will not be entertained.

CIRCULAR NO.30/99-CUS.

The revised EXIM Policy, 1997-2002 & corresponding
Herd Book of Procedure (HBP), incorporating amendments in
the policy upto 31-3-99, comes into force from 1st April,
1999. The amendments made in the Chapter-9 of the EXIM

CIRCULAR NO. 30/99-CUS.

policy and HOP and agreed to, by our Department have necessitated amendments in notifications, governing standalone 100% EOUS including units of EHTP, STP, Agriculture/Horticulture/Floriculture & Aquaculture sector Export Processing/Free Trade Zones, and units in EHTP/STP Complexes. These notifications have been amended vide notification No. 65/99-Cus, dated the 19th May, 1999 and No. 25/99-CE, dated the 19th May, 1999 Public Notice Nos. 290/99 & 289/99. The salient features of the amendment are as under:

A. DTA SALES:

Hitherto, clearance of the finished goods & rejects into DTA, on payment of appropriate duty is allowed as a stipulated percentage of value of production. The scrap/waste/remnants upto a fixed percentage is also allowed clearance into DTA, on payment of duty. In addition to the above, separate scale of DTA sale entitlement for agriculture and EHTP sector had been provided. It has now been provided in the EXIM Policy that DTA sale on all accounts for all sectors shall not exceed 50% of the FOB value of previous financial year's export. This provision has been incorporated in the amendments. The total value of the goods sold in the DTA by a unit under this provision shall be 50% of FOB value of exports. It may also be clarified that the DTA sale, in accordance with para 9.9 and 9.20 of the EXIM Policy, will only be eligible for concessional rate of duty, provided under notification 2/95-CE dated 4.1.95.

B. DEMAND OF DUTY FROM THE DEFAULTING UNITS:

(i) It has now been provided, to demand duty and interest on the duty free raw materials, components, spares,

CONTD.....3...

and consumables (other than capital goods) etc., if the unit fails to achieve the stipulated NEEP and EP within a period of one year of importation/procurement of such goods or within such extended period, not exceeding further one year as the Assistant Commissioner may, on being satisfied that there is a sufficient cause, allow. It has been further provided that, Commissioner may extend this period for achievement of NEEP or EP for further period not exceeding five years from the date of importation or procurement of such goods.

(ii) The duty and interest will also be demanded from the units who have failed to -

(a) install or use of re-export the capital goods ~~within a period of one year~~ ~~from the date of importation or procurement~~ ~~with in the year~~ ~~extended~~ ~~the period of~~ ~~importation or~~ allowed by the Assistant Commissioner;

(b) use of re-export/return the imported/indigenous goods, procured duty free (other than capital goods) within a period of one year or within the extended period, permitted by the Assistant Commissioner;

(c) to export the manufactured/produced/packaged goods within one year or within such extended period as permitted by the AC, from the date of importation or procurement of imported or indigenous goods. For further details, notification may be referred to.

The above extensions may be given liberally and the duty and interest may be demanded only in cases involving malafide and diversion of raw material.

C. The notification No.126/94-Cus, dated the 3rd June, 1994 & 136/94-CE, dated the 10th November, 1994, governing agriculture/horticulture/floriculture units have been enlarged to allow exports of processed fruits, vegetables, meat and edible meat ofal.

D. INCLUSION OF "SERVICE" AS EXPORT PRODUCT:

The notification no. 133/94-Cus, dated 22.6.94 and 126/94-CE dated 2.9.94, governing units in the EPZ/FTZ has been enlarged to include service* as product for export.

E. PROCUREMENT OF GOODS FROM PUBLIC/PRIVATE BONDED WARE HOUSES:

The EOU/EPZ units may now also source imported goods, duty free from the public/private bonded warehouses licensed under section 57 or 58 of the Customs Act.

F. DUTY FREE CLEARANCE INTO WAREHOUSE OR TO LICENSE HOLDERS UNDER PARA 9.10(e) OF THE EXIM POLICY.

Under notification No. 26/98-CE(NT), dated 15-07-98, goods can be cleared to warehouses appointed or registered, without payment of central excise duty, for further exports. It has been provided that goods manufactured or produced within 100% EOU/EPZ units (except units in the aquaculture, agriculture & STP sectors) may be cleared to the above said warehouses or to the licence holders as referred to, in paragraph 9.10(e) of EXIM Policy, without payment of duty.

G. EXPORT FROM JOBWORKER'S PREMISES

It has now been provided that, the goods sent out for jobwork from the EOU/EPZ (except STP, agriculture or aquaculture sector) units, may be exported directly from the jobworker's premises provided the scrap, waste or remnants generated during the processing, is either returned or cleared on payment of appropriate duty. The existing instruction for permitting sub-contracting may be followed but export from the jobworker's premises may only be

CIRCULAR NO. 30/99-CUS.

permitted when the same is registered under rule 174 of the Central Excise Rules, 1944. A sample of goods exported may be sent to the parent unit for checking whether the goods supplied by the unit, are utilised by the jobworker, in the product under export.

H. ASSISTANT COMMISSIONER TO APPROVE IMPORTATION/

PROCUREMENT OF FUEL, LUBRICANTS AND OTHER CONSUMABLES:

It has now been provided that the EOU/EPZ units may import or source duty free fuel, lubricants and other consumables for their captive generating sets or captive power plants or boilers with the approval of the Assistant Commissioner, on the recommendation of the Development Commissioner.

CIRCULAR 100 482/49/99-CR

A doubt has arisen in respect of the formula prescribed under Notification No.11/99-CP (R.T) to No.13/99-CE (N.T) dated 16.2.99 and Notification No.30/99-CE (N.T) dated 11.5.99 (Public Notice Nos.122/99, 130/99 & 204/99) for calculating rebate of excise duty paid on processed textile fabrics manufactured by independent processors to the extent that the formula in question does not take into consideration the abatement to be allowed, if any, in respect of the period for which a stenter remained closed during the month for which the rate of rebate is calculated.

2. The matter has been examined.
3. Attention is drawn to the formula prescribed under the aforesaid notifications. It may be noticed that in the formula, while determining the value of nominator (D x n), the definition of 'n' is "number of working chambers in respect of which duty of excise was paid in the said month". This was conscious decision that only the working chambers will be taken into account, keeping in view the possibility of abatements in cases where stenters are closed and sealed during the month under consideration. Therefore, while determining the rate of rebate, the duty paid against the chambers which are closed (where such closure entitles the independent processors to claim abatement), have not to be included. The closure and sealing of stenter takes place under the supervision of

COMM'D...3...41

the jurisdictional officers and this fact will obviously be known to the Department. In other words, "P" in the nominator of the formula refers to only those chambers (contained in a starter) which are working. The clearance of a starter (chambers) for less than 7 days on which abatement is inadmissible may be treated as working starter (chambers).

4. The Board desires that the above clarification should be kept in mind while granting rebate on processed textile fabrics and it should be ensured that the formula should be applied correctly.

PUBLIC NOTICE NO.331/99

Sub: CONTINGENCY PLAN FOR Y2K TRANSITION OF ICES,
CHENNAI CUSTOM HOUSE.

The Indian Customs EDI System, the automated system for clearance for import and export cargo, has been made Y2K compliant.

While the system has been subjected to extensive testing and is expected to be available without interruption in the new millennium, all Exporters, Importers and Custom House Agents are advised to take the following steps as measures for abundant precaution:

1. Clear all pending import and export shipments well before December 30th, 1999, especially in cases where duties have been paid. In cases, where the assessments have been completed, print copies of the Bills of Entry should be immediately obtained. Shipping Bills where 'Let Export' has been given should also be printed immediately and copies taken by the exporters.
 2. Try to file minimum clearance documents on December 30th/31st 1999.
 3. Retain copies of checklists of all import and export documents filed in the system that are still under processing.
 4. Exporters are advised to utilize the quota for garments latest by December 30th, 1999 to avoid any hardship.
- ICES will operate till 1500 Hours on December 31st, 1999 after which it will be shutdown for back up and rollover into the new millennium. Special assistance cells for answering queries will be functional at the Custom Houses till close of work on December 31st.

Detailed procedure for Import and Export is given as below.

495

I. The Procedure for Exports

1. Manifest Submission: Electronic Submission of Export General Manifests EGM (on floppies, EDI or through the service center) will cease at 1500 Hours on December 31st, 1999. Electronic submission will resume at 1000 Hours on January 3rd, 2000 subject to system availability. It is clarified that physical copies of all manifests should be submitted by the carriers to Customs as is being done presently. Manifests of vessels departing after 1500 Hours on December 31st and before 1000 Hours on January 3rd will be submitted in the physical form to Customs and in the electronic form after 1000 Hours on January 3rd. If the system is not available on January 3rd, data entry of the EGMs will be got done through the service center as and when the system is brought up. The responsibility to file electronic copies of the manifests will continue to vest with the carrier. Amendments to EGMs will be handled as per existing practice in the event of the system being available. However, if the system is not available on January 3rd, permission for amendment will be given by Customs and all such amendments should be entered in the system (after it is made available) by the Custom House staff under the supervision of the AC/DC (Export).

2. Processing of Shipping Bills: If NIC is unable to hand over the system for operations by the morning of Monday, January 3rd, 2000, all stages of exports processing will be reverted to the manual mode. In such a case the following instructions are hereby given to the Custom House Agents/Exporters:

(a) All activities including amendments and reassessment (if required) will be carried out manually. The Shipping Bills processed manually will continue to bear the number allotted by the system. The last status of the documents at the time of creation of the print files (i.e., before stopping EDI system on 31st December, 1999 at 3 P.m.) would determine the stage at which manual processing would start in the event of the system not being available on January 3rd, 2000. Such Bills will not be processed on ICES again, even if the system comes up at any time during the manual processing. However, such Shipping Bills that have been allowed 'Let Export' and are awaiting drawback sanction will continue to be processed on the system as and when it is made available for operations.

426

(b) New Shipping Bills will be accepted in the format notified under the Shipping Bills (Forms) Regulations and not in the Annexure accepted in the Service Center for data entry. These Shipping Bills will be noted, assessed and examined manually. The Shipping Bills will be numbered as per the series in use under the manual mode.

3. CHAS/Exporters are hereby advised to phase their operations in such a way that the exports of urgent consignments are completed well before December 30th. They are hereby advised to file minimal documents around December 30th/31st.

4. All exporters should also preserve the checklists of Shipping Bills submitted by them and which are still under processing by the afternoon of December 31st. These checklists will serve as cross-reference to the manual processing of Shipping Bills, which would be created from the print files.

II. The Procedure for Imports

1. Manifest Submission: Electronic Submission of Import General Manifests IGM (on floppies, EDI or through the service center) will cease at 1500 Hours on December 31st, 1999. Electronic submission will resume at 1000 Hours on January 3rd, 2000 subject to system availability. It is clarified that physical copies of all manifests should be submitted by the carriers to Customs as is being done presently. Manifests of vessels arriving after 1500 Hours on December 31st and before 1000 Hours on January 3rd will be submitted in the physical form to Customs and in the electronic form after 1000 Hours on January 3rd. If the system is not available on January 3rd, data entry of the IGMs will be got done through the service center as and when the system is brought up. The responsibility to file electronic copies of the manifests will continue to vest with the carrier. Amendments to IGMs will be handled as per existing practice in the event of the system being available. However, if the system is not available on January 3rd, permission for amendment will be given by Customs and all such amendments should be entered in the system later (after it is made available) by the Custom House staff under the supervision of the AC/DC (Noting).

2. Processing of Bills of Entry: If NIC is unable to hand over the system for operations by the morning of Monday, January 3rd, 2000, all stages of imports processing will be reverted to the manual mode. In such a case the following instructions are hereby given to the Custom House Agents/Importers:

487

(a) All activities including amendments and reassessment (if required) will be carried out manually. The Bills of Entry processed manually will continue to bear the number allotted by the system. The last status of the documents at the time of creation of the print files (i.e., before stopping EDI system on 31st December, 1999 at 3 p.m.) would determine the stage at which manual processing would start in the event of the system not being available on January 3rd, 2000. Such Bills will not be processed on ICES again, even if the system comes up at any time during the manual processing.

(b) New Bills of Entry will be accepted in the format notified under the Bill of Entry (Forms) Regulations and not in the Annexure accepted in the Service Center for data entry. These Bills of Entry will be noted, assessed and examined manually. The Bills of Entry will be numbered as per the series in use under the manual mode.

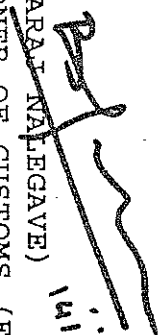

3. CHAs are hereby asked to phase their operations in such a way that the clearance of urgent consignments are completed well before December 31st. They should be advised to file minimal documents around December 30th/31st.

4. It would be advisable not to file prior (cases where the manifest has been filed but the goods have not arrived) and advance (where the manifest is yet to be filed) Bills of entry in cases where goods are expected to arrive in the country after December 30th 1999.

5. All importers should also preserve the checklists of Bills of entry submitted by them and which are still under processing by the afternoon of December 31st. These checklists will serve as cross-reference to the manual processing of Bills of entry, which should be created from the print files.

NOTIFICATION NO. 127/99-CUSTOMS

GSH (E).-- WHEREAS the stock position of wheat
in the Central Pool is far in excess of the stock
required to be maintained as per the normal buffer stock
norms and such excess stock is imposing a financial burden on
the Government;

AND WHEREAS imports of wheat continue to take place
owing to low international prices resulting in slow off-take
of wheat from the Central Pool;

AND WHEREAS there is an urgent need to stimulate off-take
of wheat from the Central Pool;

AND WHEREAS the Central Government is satisfied
that the import duty leviable on wheat, falling under Chapter
10, of the First Schedule to the Customs Tariff Act, 1975
(51 of 1975), should be increased and that circumstances
exist which render it necessary to take immediate action;

Sub.: Revalidation and endorsement of transferability of expired Advance Licences issued during Exim Policy 1992-1997 - Reg.

The issue of granting endorsement of transferability of expired advance licences during Exim Policy 1992-97 was under examination in the Department of Revenue, Ministry of Finance, in consultation with the DGFT/Ministry of Commerce. The export obligation against all these licence have been fulfilled in terms of Public Notice No.62(PN)/97-02 before 31.12.97. However the endorsement of transferability could not be made.

The issue has been examined in the Central Board of Excise and Customs and it has been decided that in respect of advance licences issued as per Exim Policy 1992-97 where export obligations had been completed on or before 31.12.97 the endorsement of transferability shall be permitted by DGFT in the following two situations:-

- 1) Where the licences were submitted for endorsement of transferability in terms of DGFT Public Notice No.62(PN)/97-02 dated 31.12.97 on or before 20.2.98 but endorsement could not be done by DGFT because Customs Notification No.32/98 was issued on 4.6.98 or DGFT P.N. No.7 was issued on 13.4.98 or delay at the end of DGFT.

ii) Where the licence could not be submitted
for DGFTR/... for endorsement of trans-
ferability in terms of DGFT PN No.62

44b

because of delay in logging of DEEC
book or delay in issuance of Modvat
Reversal Certificate by Customs.

In respect of cases covered under (ii) above,
the licence holder shall also be required to submit
a certificate from the concerned Assistant Commissioner
of Customs/Central Excise certifying that for want of
logging of DEEC Book or issue of Modvat Reversal
certificate, he could not submit the Advance Licence
to the DGFT/MOC by 29.2.98 as specified in DGFT PN
No.62.

Advance Licences of the type covered by (i)
and (ii) above would be allowed transferability
alongwith revalidation upto 31.3.2000.
