F.No.: CUS/DBK/MISC/1342/2024-DBK **Dated: 28-08-2025**

Facility Circular: 18./2025

Subject: Rectification of "PFMS" Errors for processing of pending claims under Drawback Scheme – Reg.

******

Kind attention of Exporters, Customs Brokers, Shipping Lines, Freight Forwarders, Console Agents, and all other stakeholders is invited to the issue of long-pending shipping bills where drawback amount could not be disbursed due to the reason "PFMS status rejected".

2. Reference is invited to the following:

a) CBIC Instruction No. 25/2023 dated 28.07.2023 regarding standardizing documentary and information requirements for AD Code registration/modification for exports.

b) Public Notice No. 63/2024 dated 21.12.2024 regarding the procedure for registration/modification of AD Code and IFSC Code in ICEGATE/ICES.

3. Exporters/Customs Brokers are advised to check the PFMS status for each port using their ICEGATE login. If the PFMS status for any particular port is reflected as "**Rejected**", the exporter will not receive export benefits for that port, even if eligible.

4. PFMS status will be reflected as "Rejected" if any detail such as AD Code, IFSC Code, or bank details are entered incorrectly while registering the AD Code/bank account. The following steps should be followed in the given order for the rectification of the same:

a) Verify the reason for rejection through the ICEGATE login.

b) Based on the reason, file for modification or fresh application of

AD Code/IFSC Code and upload the following documents in e-Sanchit for verification:

(A) Bank's Authorization Letter enclosing the following:

1. Name and address of the exporter
2. IEC No. issued by DGFT
3. PAN linked to the IEC No.
4. Bank account number linked to the IEC No.
5. Name of the bank account holder
6. Bank confirmation that the PAN linked to the account is the same as the PAN linked to the IEC No.
7. Bank AD Code / IFSC Code, as applicable
8. Name, address, contact details, and official email ID of the bank branch holding the account

(B) A copy of the cancelled cheque for the account or the latest bank statement (endorsed by the bank).

c) After filing the modification/fresh application in ICEGATE, the request will be automatically routed to the EDI section for scrutiny of the e-Sanchit documents (no physical interaction with EDI officials is required).

d) If the details are correct, the EDI section will approve the application. If incorrect, the application will be rejected and the PFMS status will remain "Rejected," and the process must be repeated from point (a).

e) After EDI approval, the application will be sent to the centralized PFMS for further verification and linking of bank details with the exporter's IEC.

f) Once verification and linking are successful, the PFMS status will be reflected as "Approved," and all pending drawback claims for that port will be processed and the amount will be credited.

5. A list of shipping bills filed from 01.01.2020 to 30.06.2025 at ports INMAA1, INKAT1, and INENR1 with "PFMS Rejected Status" (pending bank detail updation) is provided in the Annexure to this Facility Circular which is accessible via the link **(http://chennaicustoms.gov.in/wp-content/uploads/2025/08/Annexure-to-facility-circular-4.pdf)**. Once the AD Code/bank details are updated and PFMS status is "Approved" as per point 4, drawback will be processed by the Drawback Section.

6. All stakeholders are requested to make use of the facilitation measures in the above-mentioned Circulars and Public Notice, and strictly follow the prescribed procedures to rectify PFMS/bank account related issues.

7. This facilitation measure is intended to clear long-pending drawback claims that remain unpaid due to non-updation of AD Code/bank details by exporters.

8. Customs Brokers and Trade Associations are requested to give wide publicity to this Facility Circular among their members and the trade community.

9. Any difficulties faced may be reported to the undersigned through email at **commr4-cuschn@gov.in**.
